

FALLEN RIDERS MEMORIAL FUND SPONSOR PACKAGES

Established January 1st 2004

A letter from the National President & Executive Director of Ohio

The Fallen Riders Memorial Funds mission is to raise money through the events we hold over the years, along with acquiring donations from businesses like yours, to help families that lose a loved one in a motorcycle accident. We rely on the support of the community, and business's, and cannot exist without their support .

The goal of The Fallen Riders Memorial Fund is to be able to give a substantial donation to families who have lost a loved one in a motorcycle accident. Our vision is to be able in the future, to not only offer monetary assistance to the families of fallen riders, but also to help injured riders who are temporarily unable to work. With the support of local businesses, and the community, The Fallen Riders Memorial Fund will be ready to help families in their tragic time of need. With rising gas prices and a down economy, more and more people are hitting our streets on motorcycles, sometimes with disastrous results.

Our community needs an organization like FRMF now more than ever. With your help, The Fallen Riders Memorial Fund will stand ready to make a difference for the entire motorcycle community of Ohio, and hopefully the nation in the future.

Please, support FRMF so we may support others.

Sincerely,

**Chris J Nice
National President / C.E.O.

About the Fallen Riders Memorial Fund

The Fallen Riders Memorial Fund (FRMF) was founded January 1st 2004. The FRMF was created to give immediate financial assistance to the families of riders who have lost their life in a motorcycle accident. The money we are able to give to these families will help them with bills, food costs, or to help cover some of the funeral, or medical expenses of their lost loved one. Today the Ohio branch of the FRMF serves 48 counties in Northern Ohio. Since Oct 19th 2010 the Texas and Wisconsin branch's were formed, with more states soon to come.

The Fallen Riders Memorial Fund is a 501c3 non-profit organization that is funded solely by generous donations for individuals, clubs, and area businesses. The Executive Directors and board members are volunteering their time, and will not be compensated. The money donated to this fund will be given to families of fallen riders! We hope you will adopt the FRMF as one of the charities you support. Together we can build the Fallen Riders Memorial Fund into something truly special that can be of great help to those who need it.

Highlights of the Fallen Riders Memorial Fund

- 501c3 non-profit so your donations are tax deductible.
- Money raised by the branch in that state, stays in that state.
- Every Person involved in the FRMF is volunteer and no one is compensated.
- As funds become available additional counties will be added.
